

REGISTERED NURSE JOB ANNOUNCEMENT

Santa Cruz Community Health (SCCH) is a multi-site, Federally Qualified Health Center (FQHC) serving Santa Cruz County residents. SCCH began as a women's health collective in 1974 with the mission to improve the health of our patients and the community and advocate the feminist goals of social, political, and economic equality. Now, 50 years later, we serve that same mission at our three clinic sites: the Santa Cruz Women's Health Center in downtown Santa Cruz serves women and children; the Live Oak Health Center offers the community an integrated, state-of-the-art health and housing campus in Live Oak, and the Santa Cruz Mountain Health Center provides easy and expanded access to care for our patients in the San Lorenzo Valley.

Driven by our commitment to health care as a human right, SCCH is a leading non-profit provider offering comprehensive health services to our patients, regardless of their ability to pay. We have been recognized in the community as a leader in delivering high-quality, innovative care, and we are active in local, state, and national advocacy work that empowers our patients and community to be healthy, happy, and successful.

SCCH has a diverse patient population and an engaging and friendly work environment. Our caring and committed staff works as a team to fulfill our mission so that all our patients have access to quality, whole-person health care.

JOB SUMMARY:

The Registered Nurse (RN) is an essential part of the overall clinical team; the RN ensures that clinical operations and systems are organized to meet the strategic objectives of SCCH. Oversight of the daily operations of the clinical components of the patient experience requires exceptional critical thinking, leadership, patient relations, organizational and time management skills. The RN provides nursing services such as patient triage, making clinical assessment, organizing team-based care plans, administering medications, managing patient education.
