

ADVANCED PRACTICE CLINICIAN JOB ANNOUNCEMENT

Santa Cruz Community Health (SCCH) began as a women's health collective in 1974 with the mission to improve the health of our patients and the community and advocate the feminist goals of social, political, and economic equality. Now, 40 years later, we serve that same mission as a nonprofit Federally Qualified Health Center operating two separate sites: the Santa Cruz Women's Health Center in downtown Santa Cruz serving women and children; and the East Cliff Family Health Center in Live Oak, serving everyone.

SCCH has a diverse patient population and an engaging and friendly work environment. Our caring and committed staff works as a team to fulfill our mission so that all our patients have access to comprehensive, quality health care.

POSITION SUMMARY/SCOPE:

The Advanced Practice Clinician (APC) provides comprehensive primary care services to people of all ages and genders, routine examinations and clinical procedures for a primary care, women's health, and pediatric practice, including caring for patients at all stages in life and including caring for patients with one or more chronic illnesses. Depending on areas of expertise, the APC may perform peri-natal care, if qualified, and/or primary care gynecological procedures such as diaphragm fitting, IUD and Nexplanon insertion and removal, colposcopy if qualified, STI diagnosis, treatment and education, and other primary care services. APCs work within and on a Care Team in a patient centered medical home structure in order to treat the whole patient and address all primary care and behavioral health needs.
