

## SOCIAL WORK CASE MANAGER JOB ANNOUNCEMENT

Santa Cruz Community Health (SCCH) began as a women's health collective in 1974 with the mission to improve the health of our patients and the community and advocate the feminist goals of social, political, and economic equality. Now, more than 45 years later, we serve that same mission as a nonprofit Federally Qualified Health Center operating three separate sites: the Santa Cruz Women's Health Center in downtown Santa Cruz serving women and children; the East Cliff Family Health Center in Live Oak, serving everyone; and the Santa Cruz Mountain Health Center providing easier access to care for our patients in the San Lorenzo Valley.

SCCH has a diverse patient population and an engaging and friendly work environment. Our caring and committed staff works as a team to fulfill our mission so that all our patients have access to comprehensive, quality health care.

In December 2022, the East Cliff Family Health Center changed locations in Live Oak and moved into a brand-new space offering an integrated, state-of-the-art health and housing campus. SCCH will continue to provide medical, behavioral health, and specialty care with a focus on pediatrics. The campus addresses a triple goal of increasing access to healthcare, growing affordable housing, and creating economic opportunity. Partners in the project are Santa Cruz Community Health, Dientes Community Dental Care, and MidPen Housing.

### POSITION SUMMARY:

The Social Work Case Manager (SWCM) is a vital member of Santa Cruz Community Health's integrated delivery model that takes a whole-person, team-based approach to serving patients. Case Managers undertake a collaborative process of assessment, treatment-planning, facilitation, care coordination, evaluation, and advocacy for options and services to meet an individual's and family's comprehensive health needs.

**Reports to:** Case Management Director or Lead Case Manager
