

SANTA CRUZ COMMUNITY HEALTH

Youth Health Services

Teens and young adults need high-quality health care to develop into vibrant, healthy adults. We provide on-site care for youth including:

- Health Education
- Primary Care
- Treatment for injuries or sickness
- Behavioral Health
- Immunizations
- Nutrition and healthy lifestyle education

Santa Cruz Community Health serves the primary health care needs for patients of all ages, gender identities, ethnicities, abilities and sexual orientations in English and Spanish, regardless of their immigration status, or the ability to pay.

We understand, treat and support youth through sensitive situations.

- Family planning/counseling
- Birth control
- Pregnancy tests
- STI (sexually transmitted infections) check and treatment
- Emergency contraception (“Morning After Pill”)
- HIV tests and counseling
- Treatment for drug and alcohol use
